4 oz. Bottle 25c      6 oz. Bottle 50c      10 oz. Bottle \$1.00

### Coke's Dandruff Cure

An excellent hair tonic.  
Per bottle..... \$1.00

## An American Wife Pleads For Her Husband's Life

UNITED STATES CONSUL AT CITY OF MEXICO IS ADVISED THAT AMERICAN CITIZEN IS BEING HELD IN SONORA FOR RANSOM—THE VICTIM PASSED THROUGH DOUGLAS SEVERAL WEEKS AGO.

Readers of the Review will remember that a few weeks ago an account was published in this paper of the receipt of a letter in Douglas, by ex-Ranger Allison, purported to have been written by bandits in Sonora and bearing the date of Oputo, in that state. The contents of the letter were to the effect that a gang of bandits had captured a rich banker of New Mexico, named Elland, who was traveling in that section, and that unless his friends and relatives were prompt in forwarding the ransom money the banker would be put to death. It was understood at the time that the letter would be forwarded to the man's family who reside at Portales, New Mexico, and the following telegram sent out from Roswell, bears on the same subject:

Roswell, N. M., Aug. 27.—John Elland, vice president of the bank of Portales, N. M., is now in the hands of brigands in Old Mexico. Mrs. Elland has received a letter from him dated at Oputo, saying that unless arrangements were made at once to pay heavy ransom he would be tortured and killed.

The amount of the ransom is not made public at the present time. Mrs. Elland wired the United States consul at the City of Mexico to take up the case. No reply has been received from the consul and no further message from Mr. Elland. No particular

lars are given as to the manner of the capture or just where he is being held.

The news has created great excitement in this city. John Elland is well known as one of the earliest settlers. In the early days he ran a store at Fort Stanton and his sheep formerly pastured where the town of Portales is now built. He is one of the wealthiest men in Roosevelt county and was in Old Mexico dealing in sheep.

From information received at the time the anonymous letter appeared in Douglas it is known that Elland had passed through that city two weeks prior to the receipt of the letter, at which time he stated to some of the business men of the smelter city that he was enroute to Sonora to look at some grazing lands with a view of purchasing. Later the information gained credence that the New Mexico banker was there on the trail of a fugitive from justice for whom he had put up a \$5000 bond in New Mexico which had been declared forfeited at a recent term of court in Roswell. Mr. Elland left Douglas after learning that the man he was after had gone in the direction of Oputo, and since that time he has not been seen or heard from until the receipt of the letter by ex-Ranger Allison, referred to above.

## Bisbee Democratic Club Appoints Three Important Committees

The Bisbee Democratic Club held a regular session at the Club headquarters, Tammany Hall, last evening, but owing to the rain storm there was a small attendance, not more than twenty-five members being present. Notwithstanding the small attendance the meeting was organized for the transaction of some important business, which was accomplished in short order.

In the absence of President Harry Harkdell, who was unavoidably detained at the mine, Attorney John McGowan, vice president of the club, called the meeting to order. Secretary Hubbard read the minutes of the previous meeting, which were adopted, and then the president called for the report of the several committees appointed at the last meeting.

The Finance Committee, through its chairman, J. J. Bowen, reported progress, and asked further time for this committee, which was granted.

W. B. Kelly, of the Committee on Constitution and By-Laws, reported that the final draft of the constitution and by-laws would be presented at the next meeting.

The building and arrangement committee, through Harry Jennings, reports that in all probability Tammany Hall would be selected as the regular

club headquarters, but asked for further time before making a final report. The most important business transacted by the club was the appointment of an Executive Committee, of which the president of the Club is chairman, consisting of Harry Jennings, Tom Devine, C. A. McDonald, J. F. Wilmuth, Mike Hannon, Walter Hubbard and J. J. Harrington are members, who will act for the club in all matters requiring immediate attention, and to make arrangements for future meetings and prepare an entertaining program of speeches, music, etc.

Another important committee appointed last night is one to look after the registration of voters in the precinct, and to see that no voter who is entitled to vote, fails to register. This committee is composed of Bert Grover, Stewart Hunt, Chas. Strong, S. E. Garrett and Joe Hughes.

A committee on procuring the necessary literature was also appointed, and after adopting a resolution petitioning the county recorder to appoint a deputy registering officer at Lowell, the club adjourned to meet next Saturday evening at 8 o'clock.

Central Committee Should Meet—Members of the Central Committee from this precinct should get together at an early date and decide as to how the delegates are to be chosen from this precinct to the county convention.

are safe; you needn't get cheated in them, Schilling's Best are not only pure and true, but generous.

Man and Woman Drunk—Two Mexicans, man and woman, were picked up in the Mexican quarter yesterday afternoon in a state of exceeding intoxication. They were locked up and are expected to be sufficiently sobered tomorrow for hearing.
